

Arizona Congressional District 3 Communities Benefit From LSTA Funds

Federal funds administered by the Institute of Museum and Library Services provide access to electronic resources and literacy programs for all Arizona citizens. In addition, funds are distributed to community libraries through competitive subgrants. In 2014, CD 3 libraries used LSTA awards to:

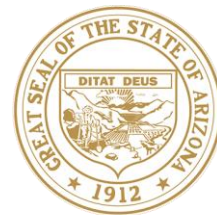

- Help students improve their reading scores by over 200% in Buckeye.
- Introduce hundreds of children to STEM activities in Avondale.
- Offer digital homework help to thousands of youth in Yuma County.
- Teach teens and adults business start-up in Pima County.

Science, Technology, Engineering & Math project, Avondale Public Library

The parents are thrilled to have help for their children. We are hearing reports of greater interaction at home with reading. When you can touch a life and make a lasting difference, you have excelled at your job. It doesn't get any more fulfilling than that.

-- Christine Larson, Buckeye Public Library
